

COMPUTER BASED TESTING INFORMATION

The ABCN examinations are offered at PSI Computer Centers. Oral examinations were discontinued in 2010.

ABCN contracts with the Professional Testing Corporation (PTC) to administer the examinations. PTC uses PSI Testing Centers to provide computer-based testing services. The examination will be administered year-round at PSI Computer Testing, Inc. PSI has several hundred computer-based testing sites in the United States. Hours and days of availability vary at different centers.

Examinations are conducted year-round. Upon receipt of the Scheduling Authorization notice from the testing service, the candidate will have 8 weeks to schedule and complete the examination(s). If you do not receive a Scheduling Authorization within two weeks of becoming eligible to test, contact PTC at (212) 356-0660. It is the candidate's responsibility to contact PSI to schedule the examination appointment.

If you need to reschedule to a different date within the 8-week testing period you must contact PSI at 800-211-2754 no later than noon, Eastern Standard Time of the second business day PRIOR to your scheduled appointment. If you fail to arrive for your appointment or do not reschedule within the same testing period, you will forfeit your testing fee.

There are no refunds or transfers for this examination
